Dear Jim,

Who needs Anthony Robbins, when New Zealand has our own Beau Tyler? What a night, not a dry eye in the house.

Beau had the whole room in fits of laughter from start to finish. 18 months on and people are still talking about the learning's from the **F**ailure **A**ccessed **R**evitalisation **T**echnique, Power Move Concept.

An amazingly, consummate, entertainer with the ability to engage with the entire audience.

It was certainly a night to remember.

A handwritten signature in black ink that reads 'Janice Miller'. The signature is fluid and cursive, with a long, sweeping underline.
